| Basic Information                  |   |
|------------------------------------|---|
| Product Name                       | Biotin Conjugated AffiniPure Donkey Anti-mouse IgG(H+L)   |
| Catalog Number                     | BA1007  |
| Isotype                            | IgG   |
| Immunogen                          | Mouse IgG (whole molecular)   |
| Purity                             | The antibody was purified from antisera by immunoaffinity chromatography.   |
| Format                             | Concentrated, Liquid  |
| Concentration                      | 1 mg/ml   |
| Contents                           | 1 mg/ml of biotin conjugated specific antibody; 0.01M PBS, 50% glycerol.  |
| Specificity                        | Biotin conjugated antibody is specific for mouse IgGand shows no cross-reactivity with bovine, chicken, goat, guinea pig, Syrian hamster, horse, human, rabbit, and sheep serun proteins. |
| Tested Application                 | IHC, ELISA  |
| Conjugation                        | Biotin  |
| Application Notes                  | This antibody must be used with various kinds of enzymes or fluorescence conjugated avidin (streptavidin) in IHC and ELISA. Diluted by neutral PBS or TBS.                                |
| Storage                            | At -20°C for one year from date of receipt. Avoid repeated freezing and thawing.  |
| Suggested Working<br>Concentration | Immunohistochemistry: 1:100-200;<br>ELISA: 1:5000—20000;<br>Optimal working dilutions must be determined by end users.  |
